

Pronto Cable USB

Meet and share in an instant

StarLeaf Pronto transforms the enterprise meeting room experience allowing users to meet and share in an instant.

Simply connect Pronto to your laptop and your screen is shared instantly with the room so that you are ready to present immediately. Your StarLeaf meetings are also synchronized with the room system allowing you to join with one touch.

The easy way to connect and share ideas

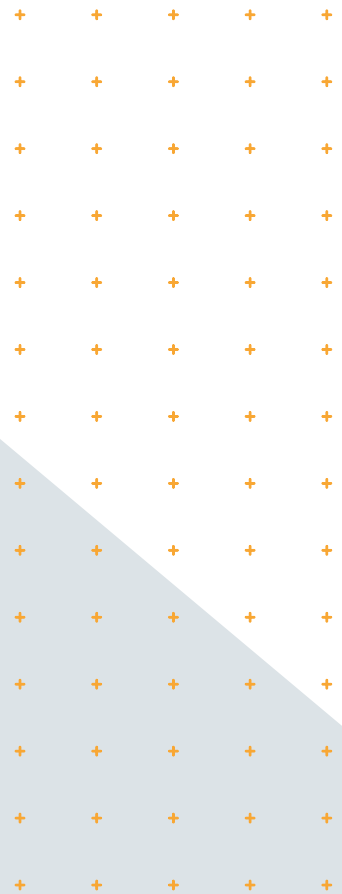

- Presenting to the room or into your meeting is simple; just connect and share
- Bring your own meeting - easily and quickly join all your StarLeaf meetings from any StarLeaf room with one-touch
- Get everyone on the same page in an instant with immediate screen sharing

Everything you need for a seamless experience

- Smart dual connector with support for both USB-A and USB-C
- Connect Pronto to any laptop with no need for adapters
- StarLeaf users do not need any additional software to be able to use Pronto

Instant collaboration for the enterprise

- Secure wired connectivity with all data transmission encrypted for guests and visitors
- Automatic software updates ensure all systems are always up to date
- Centralized management, monitoring, and reporting for easy control
