

# Pronto 210

Instant presentation sharing in any workspace

**Pronto 210 transforms any area into a productive workspace where users can share in an instant, from any device.**

Enterprises remain in control with built-in centralized management, monitoring, and reporting. Always up-to-date and ready, Pronto 210 delivers a seamless experience for users and peace-of-mind for IT administrators.

## Share in an instant

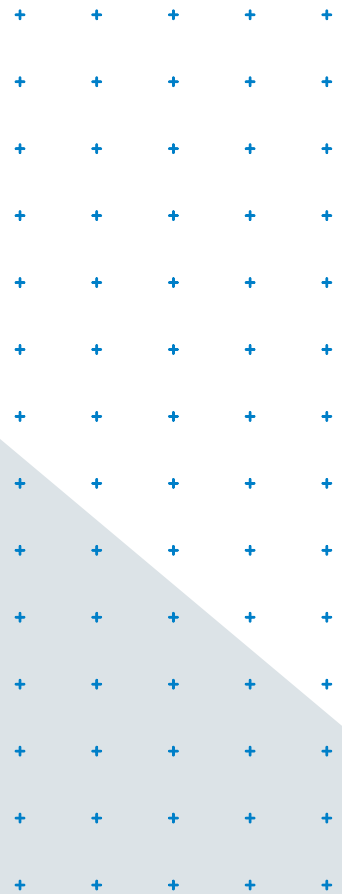

- The quickest way to share your screen to the room
- Connect directly to any Windows and macOS laptop with no need for adapters or other accessories or use wireless connectivity
- StarLeaf users don't need to run additional software and can present immediately
- Visitors and guests can share seamlessly and securely

## Enterprise-ready

- Secure connectivity with all data transmission encrypted
- Centralized management, monitoring, and reporting for IT administrators
- Automatic software updates ensure peace-of-mind with all systems always up-to-date and ready

## Future proof

- Future-proof performance designed for any space
- High-quality output
- Share from any device with support for wireless sharing via Airplay and Miracast
